OUR MISSION

At Mullion School, our mission is to unlock every student's full potential, empowering them to chase their dreams and feel a true sense of belonging in our community.

We do this by creating a kind environment, where self-belief soars and determination thrives.

OUR VALUES

KINDNESS

We hold kindness close to our hearts. We believe in creating a compassionate environment where everyone can thrive. Practising kindness means showing respect to ourselves and others, learning from our mistakes, and building strong bonds within our community. Through simple acts of kindness, we come together to make a positive impact on the world around us.

SELF-BELIEF

Believing in your own abilities is critical for personal growth. We nurture students to believe in themselves and we encourage them to aim high, and to set high aspirations. It is this self-belief that fuels their confidence to dream big, fly high, and achieve even when things get tough.

DETERMINATION

Life and learning are full of challenges.

We believe that effort and persistence are as important as the outcome. Whether your dreams are big or small - determination is what makes them come true. That's why at Mullion, we value effort and persistence as much as the result.

Our values aren't just words...

Our values form the very essence of our school and community, shaping the way we live and learn. Life and learning are full of challenges. We believe that effort and persistence are as important as the outcome. Whether your dreams are big or small - determination is what makes them come true. That's why at Mullion, we value effort and persistence as much as the result.

It's the Mullion way.

OUR GOALS

We believe that every student deserves a quality education and the unwavering support to succeed, whatever they want to achieve.

We want our students to become:

Independent individuals with the skills, belief, and passions to pursue their dreams and make informed choices in life.

Active and responsible contributors to their community, demonstrating global citizenship and compassion for others.

Innovative and critical thinkers, equipped with problem-solving skills for their future pursuits.

Well-rounded individuals who prioritise maintaining a physically and emotionally healthy lifestyle.

How we achieve it:

At Mullion School, we inspire students to make every one of their 1000 days here count. To achieve this, we offer a rich and challenging curriculum that encourages them to venture beyond their comfort zone, embracing new knowledge and honing essential skills.

But our commitment to their growth doesn't end there.

We complement the academic experience with an extensive range of extra-curricular activities. These activities nurture passions beyond the classroom, providing diverse opportunities for students to explore new interests and further develop existing ones.

"I love the big open spaces outside. We have lots of opportunities to explore different sports and lots of great sporting events."

YEAR 7 STUDENT

HEADTEACHER'S WELCOME

Welcome to Mullion School, a place where our students are at the heart of everything we do. Our belief is that our smaller size is part of our magic, creating an environment where every student thrives.

As the new Headteacher, I am thrilled to be a part of this wonderful community. Having been involved in the Cornish education system from my early school years to my career, I understand the unique challenges and delights of learning in our beautiful county. Now, I am eager to serve the school community in this role, embracing the opportunity to make a positive impact on our students' lives.

Our school emblem, the tern, symbolises the strong sense of community and shared purpose that defines Mullion School. Each year group has a flight path number, fostering a sense of identity and belonging that builds a robust school spirit.

At Mullion, we pride ourselves on being a close-knit community, allowing us to prioritise the hopes and dreams of every single one of our students. We celebrate the uniqueness of each child - their talents, perspectives, passions, and abilities.

Whether a student is a budding mathematician, a linguist in the making, a keen scientist, a performer, or a star on the sports field, we're here to support them.

Yet, our focus extends beyond academics.

Nurturing well-rounded individuals is a core value at Mullion. We champion the arts, encourage student participation in sports, offer leadership opportunities, and cherish their voluntary work for good causes. The Duke of Edinburgh Programme provides an incredible chance for our students to shine in unexpected ways. Additionally, we emphasise the significance of PSHE, RSE, and Careers guidance.

We want to equip our students to thrive in all aspects of life, not just within the school's walls.

At Mullion, a proudly small school, we are passionately committed to making the right choices for our students and ensuring they make the most of their time here. We firmly believe that every student deserves to maximise their 1,000 days at our school.

So, whether you are a student seeking a place to enjoy and flourish or a parent searching for the best for your child, we wholeheartedly welcome you to experience the warmth of the Mullion family, where aspirations and dreams take flight.

I am eagerly looking forward to meeting you.

M. Dunleavy

Headteacher of Mullion School.

Making the most of the school day

In lessons

At Mullion, every day is about making the most of the opportunities that come your way. You'll have four 75-minute lessons, set out over a two-week timetable. The timetable ensures that you get the best learning experience, giving you the time to dive deep and truly engage with your subjects.

In tutor time

We don't just believe in learning, but in community too.

That's why every morning you have tutor time. This isn't just a daily routine. It's about creating bonds with your peers, fostering mutual support and growing together, both academically and personally. After all, these are the friendships and memories that last a lifetime. This is also a chance to raise questions, share triumphs or news, read together and explore PSHE-related themes. Your tutor will also be there to support and guide you.

In lunchtimes

We're passionate about making the most of the entire school day, including lunchtimes. We care about the quality of the food we serve in our canteen. Because it's not just feeding the mind that's important but the body too. That's why students enjoy wholesome, tasty meals, keeping them ready for learning.

"I love the food in the canteen. It's amazing"

YEAR 7 STUDENTS

Making the most of the curriculum

We aim to create a learning environment that suits students best. We've designed a curriculum that's inclusive and ambitious, providing students with a wealth of opportunities to explore their interests and passions.

In fact, at Key Stage 4, we offer a choice of 18 courses - a rich variety that gives them the power to shape their learning journey. Of these 18, students choose four subjects to study alongside the core offer of English, Maths, Science, PE and PSHE.

This is an environment where you can shine, whatever your strengths.

"Teachers are kind. They take the time to listen to us and support us with our problems."

YEAR 7 STUDENT

Supporting students with SEND

Our ethos is one of inclusion, where everyone is welcomed and celebrated. We believe every student should have access to a broad, balanced education, helping them to reach their fullest potential, including those with Special Educational Needs and Disabilities (SEND).

For some of our SEND students, a little extra support goes a long way. Our SEND department is an experienced team equipped with a range of skills, dedicated to providing that extra layer of help when needed.

We're here to ensure every student has the chance to shine and make the most of their 1,000 days at Mullion.

Making the most of extra-curricular activities

There's so much more to education than academics.

It's about experiencing new things, discovering new passions, and growing as individuals. So we provide ample opportunities for just that.

Our range of extra-curricular activities is extensive, from the junior choir and drama to art and Dungeons and Dragons. If you're a fitness enthusiast, we've got dance, rugby, netball, and basketball. Or are you a budding musician? Our band even played at BoardMasters last year!

And that's not all. With the Duke of Edinburgh's Award and our School Council, there are plenty of opportunities for leadership, teamwork, and building a sense of responsibility.

We offer an extensive range of sporting opportunities. Plus, we're blessed with beautiful outdoor spaces. Whether you want to immerse yourself in nature or catch a breath of fresh Cornish air at break and lunchtimes, we've got you covered.

So, we encourage you to leave the classroom and make the most of your time at Mullion. There's a world of experiences waiting for you!

ADMISSIONS

Transitioning from primary to secondary school can be a nerve-wracking for students and parents alike.

We make it less daunting by partnering with local primary schools, getting to know you before you officially start in Year 7. You'll visit us numerous times in Year 6, meeting teachers and making friends.

So when you step into Year 7, you'll recognise your classmates, spot those teachers you've met before, and soon feel right at home.

So, take a deep breath, and remember - moving to secondary school is a new adventure, and we're here to make sure it's as smooth and enjoyable as possible.

**Wherever your child
wants to go, whatever
they want to achieve,
we'll help them get there.**
