

As a reader we will be looking at a wide variety of Ancient Greek myths including the Odyssey. As a writer we will be:

Writing non-chronological reports based on Greek gods.

Writing a discussion text debating the positives and negatives of Alexander the Great's rule.

Writing a non-fiction text retelling a Greek myth.

As a mathematician we will be...

Consolidating our knowledge of area and perimeter, algebra and learning about volume

Revising what we already know about 2D shapes, including angles

As a sports person we will be...

Learning bat-and-ball sports and athletics

Year 6: Summer Term 2024

Teaching Team: Mrs Khan-Blacker, Mr Richardson, Mr Sanderson, Mrs Webb and Mrs Kynoch.

As a scientist we will be...

Identifying the main parts of the human circulatory system and describing the function of the heart and blood vessels

Learning about the impact of exercise

Describing how living things have evolved and changed over time, adapting to suit their environment.

Understanding inheritance and explaining evolution

As a computer user we will be...

Understanding technology and programming - algorithms and programming using Code.org.

Using digital technology to explore musical techniques and produce original compositions with Charanga.

As a historian we will be...

Learning about the Ancient Greeks including philosophy, beliefs and entertainment.

We will also be considering and discussing big questions which were relevant to The Greeks and are also relevant now.

As a musician ...

As musicians we will be developing our rhythm skills through SAMBA drumming. We will develop our singing and performance skills in our Y6 musical.
