

Wheatfields Primary School E-Safety Overview

Project Evolve is an online-based scheme of work which is constantly 'evolving' to ensure the online safety messages that children and young people need, are being taught. It is delivered in a way that is more appropriate; more meaningful; that encourages reflection and generates positive outcomes. This is done through online assessments, where the data can be used to target the teaching of more specific areas, so the needs of the children are being met. Therefore, Teachers will prioritise the 'I can' statements based on assessment outcomes at the start of each half-term. This may mean, where pupil knowledge is already good, some 'I can' statements may not be delivered.

EYFS:
